

Charter

Safety of non-commercial General Aviation flights with light aircraft

Preamble

This Charter has been developed in cooperation with the European Union Aviation Safety Agency (hereafter “EASA”) in order to promote the safety of non-commercial General Aviation flights with light aircraft. By signing this Charter **ElbaAir** makes the commitment to adhere to the principles, responsibilities and values stated below. Specifically, the **ElbaAir** commits to:

Article 1

Inform the passengers of the different safety levels concerning non-commercial General Aviation flights with light aircraft as compared to commercial air transport operations.

Article 2

Actively promote a safety oriented code of conduct for both pilots and passengers.

Article 3

Provide pilots with check-lists, guidance and tutorials on safety best-practices.

Article 4

Provide passengers with accurate and meaningful information on the type of aircraft flown and the pilot’s current experience and qualification.

Article 5

Provide an online forum in order to promote the sharing of safety best practices within the GA pilot community.

Article 6

Collect data related to flights, aircraft and pilot profiles, and to share this data with EASA and national competent authorities.

Article 7

Meet annually with EASA and national competent authorities with a view to review the implementation of this Charter.

Article 8

Implement the detailed elements provided in the Annex to this Charter.

Article 9

Publish this Charter on the platform’s website.
