MED.A.020 Zmanjšanje zdravstvene sposobnosti

(a) Imetnik licence ne izvaja privilegij iz licence in povezanih ratingov ali pooblastil ter piloti pripravniki ne izvajajo samostojnih letov, če:

- opazijo kakršno koli zmanjšanje navedenih privilegij;
- jemljejo ali uživajo predpisano ali ne predpisano zdravilo, ki bi lahko ogrozilo varno izvajanje privilegij iz zadevne licence;
- so deležni zdravniškega, kirurškega ali drugega zdravljenja, ki lahko vpliva na varno izvajanje privilegij iz zadevne licence;

(b) Poleg tega imetnik zdravniškega spričevala takoj in še pred izvajanjem privilegij iz licence obiščejo AME, AeMC ali GMP, kot je ustrezno, če:

- so imeli operacijo ali večji invazivni poseg;
- so zabeležili redno jemati katero koli zdravilo;
- so imeli hujšo telesno poškodbo, zaradi katere ne morejo opravljati nalog člana letalske posadke;
- so resno zboleli in zato ne morejo opravljati nalog člana letalske posadke;
- v primeru nosečnosti;
- so bili sprejeti v bolnišnico ali na kliniko;
- prvič potrebujejo korektivne leče.

MED.A.020 Decrease in medical fitness

(a) Licence holders shall not exercise the privileges of their licence and related ratings or certificates, and student pilots shall not fly solo, at any time when they:

- are aware of any decrease in their medical fitness that might render them unable to safely exercise those privileges;
- take or use any prescribed or non prescribed medication that is likely to interfere with the safe exercise of the privileges of the applicable licence;
- receive any medical, surgical or other treatment that is likely to interfere the safe exercise of the privileges of the applicable licence;

(b) In addition, holders of a medical certificate shall, without undue delay and before exercising the privileges of their licence, seek aero-medical advice from the AeMC, AME or GMP, as applicable, when they:

- have undergone a surgical operation or invasive procedure;
- have commenced the regular use of any medication;
- have suffered any significant personal injury involving incapacity to function as a member of the flight crew;
- have been suffering from any significant illness involving incapacity to function as a member of the flight crew;
- are pregnant;
- have been admitted to hospital or medical clinic; or
- first require correcting lenses.
